i530GRANDSEDAN

BASE SPECIFICATION

Mechanical Equipment

Cummins QSB 6.7L 480hp diesel engines equipped with heat exchangers for freshwater cooling and electronic controls

Engine overheat and low oil pressure alarms

Complete engine instrumentation at control station Groco internal seawater strainers

Racor FG fuel filters

Fiberglass drip pans under the engine

S/S 316L prop shaft

P.Y.I. drip-less shaft seal

5 bladed propeller

S/S 316L rudder shaft

FRP rudder plate

Hydraulic wet muffler

Hydraulic steering

Engine room blowers & air intake vent

Superior engine room sound proofing material

Electric bilge pumps

Manual bilge pump

Fuel manifold

Fuel tanks are of aluminum

Water tanks are of welded stainless steel

Sea cocks on all through hulls at or below water line Quick 40L 220VAC hot water heater

Jabsco 12Vdc pressurized fresh water system

Hardware

Anchor platform with roller

Bow and stern staffs

Windlass Quick 1500w

Cleats 2 bow, 2 amidships, 2 aft with S/S chocks or fair leads

Manship deck hatch over guest cabin

Windows aluminum framed with insect screens Selected windows slide, forward saloon window opens Electric Horn

Stainless steel rub rails

Bow thruster Quick 10hp

Stern thruster Quick 10hp

FRP radar mast

Door locks on all saloon doors with keys. Deck rails 316 stainless steel Transom, Port and Starboard gates

3 double arm Windscreen wiper and fresh water washer to 3 front windcreens

International navigation lights

Accommodation ceiling lights

Reading lights in cabins

Cabin door locks

Swim ladder

Electrical System & Components

Onan 9kw Generator complete with sound shield, muffler & fresh water cooling & separate starting battery in F.G. battery box

3 heavy-duty 200 Amp hour engine starting & lighting batteries in F.G. battery boxes

Engine batteries parallel for starting

Customized Paneltronics (or similar) electrical panel utilizes USCG approved circuit breakers and is fitted with polarity indicator light, ship/shore switch, back lighting, integrated AC and 12VDC volt/amp meters and is concealed behind a lockable door with lighting in cupboard

Wiring color-coded & numbered

Victron 3000W inverter/charger

Engine hour meter

Stereo speakers in each cabin

Electrical outlets to galley and each cabin

Ship to shore dock side receptacle with integrated galvanic isolator

Two shore power

Saloon

Built in settee lounge /w storage under

Hi-Lo teak color yacht table which can be converted into a bed

Bar with bottle storage and glass storage cabinet.

Teak & holly sole

Hatch access to engine room with ladder

Helm station with steering & controls & Instrumentation and chart locker

Overhead electronics lockers

Access door to starboard

Headliner of white acoustic vinyl

Overhead LED lights 12 volt DC

All furniture & bulkheads are teak

Pilothouse

26" Destroyer wheel

Helm station centered

Overhead electronics console

L shaped dinette behind helm station converts to berth

Teak and holly sole

BASE SPECIFICATION

Galley

Teak galley unit.
Corian Benchtops
Electric Hot Plates/ Convection microwave under
Trash bin
Double Stainless steel sink with cover & single lever faucet. Under counter 12VDC/220VAC refrigerator
Drawers and cabinets under counter
Overhead dish and cup lockers
Overhang cabinet with glass storage under
Exhaust blower

Master Stateroom

Queen size bed
Side table with drawers
Wardrobes with auto lights
Teak & holly sole
Teak bulkheads & furniture/Vanity with drawers under
Mirror
Headliner of white acoustic vinyl Reading lamps swivel type-12 volt DC
Overhead lights-12 volt DC

Front Cabin

Island bed with drawers under Wardrobe with auto light
Teak bulkheads
Teak & holly sole
Headliner of white acoustic vinyl. Reading lamps-12 volt DC. Overhead LED light-12 volt DC

Heads

Two showers are stall type
Shower sole of white ceramic tiles with built in automatic drainage system
Bulkheads covered with white FRP
Vanity unit fitted with ceramic washbasin in white Corian Single lever shower and sink H&C water faucets
Teak & holly sole all around
Mirror
TMC macerator luxury head with household size bowl
Exhaust blower
White FRP headliner
Overhead lights 12 volt DC
Fiberglass holding tank w/Y-valve and remote display panel

Miscellaneous

FRP white color cap rails
Hand laid fibreglass
Transom Shower
5 coats of varnish
Anti-fouling paint
Owner's manual
All drawers are drop down to lock type. Non-slip deck on front to be plain white shiny The rest to be diamond pattern anti-slip deck

WELCOME TO INTEGRITY MOTOR YACHTS

The classic 'holiday home on water', Integrity Motor Yachts are the 'go anywhere' boats that inspire owners to "Discover More".

Comprising Sedan, Flybridge and Pilot House models, Integrity Motor Yachts are designed and built to deliver exceptional performance at sea, with all the lifestyle attributes for laid-back entertaining.

Low maintenance, hardy, stable and ideal for long-range or coastal cruising, Integrity Motor Yachts are supported by a reliable Dealer network committed to outstanding levels of personalised service, fully-backed by factory warranties for complete peace of mind.

From layout to interior design and décor, your Integrity is one of a kind, hanks to the collaborative approach of the Integrity team.

Whatever your cruising dreams, Integrity can craft the ideal vessel to fulfil your needs.

THE INTEGRITY ADVANTAGE

There are a number of things that we believe make our boats leaders in their market. All of these features have been considered, designed and implemented to make your boating experiences more enjoyable. Introducing the integrity advantage.

CLASSIC STYLISH LINES WITH A CONTEMPORARY FEEL

The inspiration for our range comes from the traditional cruising motor yacht, featuring timeless classic lines. We apply contemporary design elements to ensure our range have a striking on water appearance.

PROVEN DISPLACEMENT HULL WITH CLASS LEADING BEAM

With a number of our boats having travelled many thousands of sea miles, the seakeeping abilities of our range is without question. The class leading beam ensures stability in all conditions, particularly when at rest. The displacement hull, greater beam, full length keel and additional weight ensures navigational stability in all seas or when at rest.

MINIMAL HULL SLAP

A little thought about but very important feature, as anyone that has tried to sleep in a boat with water slapping under the hull knows is most annoying. Our boats have no planing strakes meaning no slap at rest.

SOLID HAND LAID FIBREGLASS HULLS FOR STRENGTH AND DURABILITY

Our hulls are laid up to survey standard along with vinyl ester tie layers for strength, durability and osmosis protection. FGI Gelcoat is used on the exterior of the hulls especially applied to suit Australian conditions.

FULL LENGTH KEEL ENCASING THE PROPELLER AND RUDDER

The full length keel assists with stability while offering protection to the propeller and rudder. Should you run aground, simply back off and continue your journey.

EASY TO HANDLE WITH EFFORTLESS DOCKING

Bow and stern thrusters as standard on each model offer finger-tip control ensuring simple and easy berthing in all conditions. The helm door and through rail access makes single handed step on - step off berthing a breeze. Side rail and stern access from the swim

platform means marina and jetty access is safe and simple, no leaps of faith required.

360 DEGREE WIDE WALK AROUND DECK

There is full easy access to all areas of the boat, with wide side decks and high bow, stern and hand rails ensuring safety for passengers and pets at anchor or underway.

LARGE SWIM PLATFORM

The extensive swim platform features a sturdy deep water ladder, plus retractable hot and cold freshwater shower. Stainless stern rails can be added to house BBQ's or preparation boards, tenders and rod holders.

INNOVATIVE COCKPIT DESIGN

The beamy cockpit layout features full wrap around padded seating with a drop down teak table, creating additional accommodation or a day bed along with under-seat storage and self-draining ice box. Combines with the large hopper window and door, spacious saloon and aft galley to create the ultimate entertaining layout. The ice box can also be converted to take a portable 55 or 75 litre Waeco fridge/freezer.

GENERATOR AND REVERSE CYCLE AIR-CONDITIONING

Onan diesel powered generator offered standard allowing for all of your 240V electricity needs including coffee machine, toaster, juicer, hair dryer and more. Ducted air-conditioning is available offering cold and hot air during temperate or cooler climates.

LARGE STAINLESS STEEL HOPPER WINDOW AND DOOR

Critical to creating the flowing cockpit, galley and saloon layout, the sturdy stainless steel hopper window and door is a trademark feature of our range. Each model benefits from this design trademark.

WELL APPOINTED AFT GALLEY

Large fridges, double bowl sink with flick mixer, modern corian style bench tops, microwave and glass twin top hotplate are just the start. Considerable storage is a feature along with additional refrigeration options.

SPACIOUS ACCOMMODATION

Recent design improvements have led to more spacious and roomy accommodation in the bedrooms, featuring full size comfortable island beds. The saloon and cockpit tables lower to create additional double bed accommodation across the range. Cedar lined full length cabinets ensure your clothing is stowed moisture and pest free.

SEPARATE HEAD AND SHOWER COMPARTMENT

Rarely offered in boats of this size, a separate shower ensures little water splash throughout the bathroom and more room to enjoy your shower. Offers privacy for those using the shower or toilet.

ALL WEATHER COCKPIT COVERS

Full insect and weather covers are fitted to the cockpit and side decks. When in place, limits weather in the cockpit and creates an additional enclosed living area.

TRUSTED ENGINE PARTNERS

We recommend John Deere engines due to their reliability, availability of parts and economical performance. John Deere is a world renowned brand known for the lowest maintenance requirements in the engine market. John Deere engines are the preferred engine of most fishing trawlers, a true test for reliability and performance in itself.

RELIABLE FUEL SUPPLY SYSTEM

Racor fuel filters with isolation taps are fitted to bypass blocked filters and reduce the chance of contaminated fuel. Separate ball valves are installed to assist the return or transfer of fuel, and sludge tanks with ball valves for ease of draining are included in the fuel tanks.

LONG RANGE CRUISING WITH LARGE WATER AND FUEL CAPACITY

The long-range performance, economical and mechanical capabilities of our range is supported by considerable fresh water storage and saltwater wash down facilities. Large fuel tanks are also on board, with the option of adding a water maker to extend the cruising capability.

INNOVATIVE ELECTRICAL SYSTEM MANAGEMENT WITH SOLAR

With advancements in solar capabilities and advanced power management systems, your Integrity can operate for lengthy periods without the need for shore power or generator.

FACTORY BACKED DEALER NETWORK

We maintain Independent Dealers in all major territories, offering full warranty and service support. We appreciate the opportunity to assist our owners with whatever little headaches may arise, and we never let them down.

MORE THAN OWNING A BOAT

Rather than focussing on selling a product, we prefer to introduce our owners to the ultimate lifestyle experience. We offer a series of on-water and off-water events exclusive to those who purchase a boat from our range. Fully escorted trips allow our owners to expand their navigational and boating experiences in the company of other owners and our experienced team members.

INVESTMENT IN A TRUSTED BRAND

Integrity Motor Yachts is the leading displacement motor yacht brand in Australia. With over 100 motor yachts sold and the backing of a dealer network, there's certainty in knowing you're investing in a known and well respected brand with strong resale value.

Standard Upgrades for 2018-2019

- Volvo D4 225 hp engine including electronic controls and display showing many engine parameters
- Generator upgrad from 4Kw to 7Kw
- Rudder locking pin
- 24 Volt DC system including all pumps etc
- 24 VDC thrusters bow and stern 6Kw Sedan 8Kw Flybridge (previously 4Kw)
- Double hose clamps on all hoses
- 3000Va Inverter 70 Amp charger system with mains changeover
- Battery relocation for practicality
- 400 Ah of batteries at 24 VDC
- 60 meters of anchor chain
- Fresh and salt water washdown taps in anchor well
- All AC outlets RCD protected
- Shore power inlet now protected in cockpit locker
- 32 Amp and 15 Amp shore power capability
- Fusion stereo/DVD with Bluetooth
- 12" Garmin navigation screen
- 2 x 140 litre fridges
- Stainless steel hatches
- Sun pad
